

St Annes High Street Improvement Scheme Update

As part of the second phase of the high street improvements in your town centre it is necessary to introduce temporary bus diversions

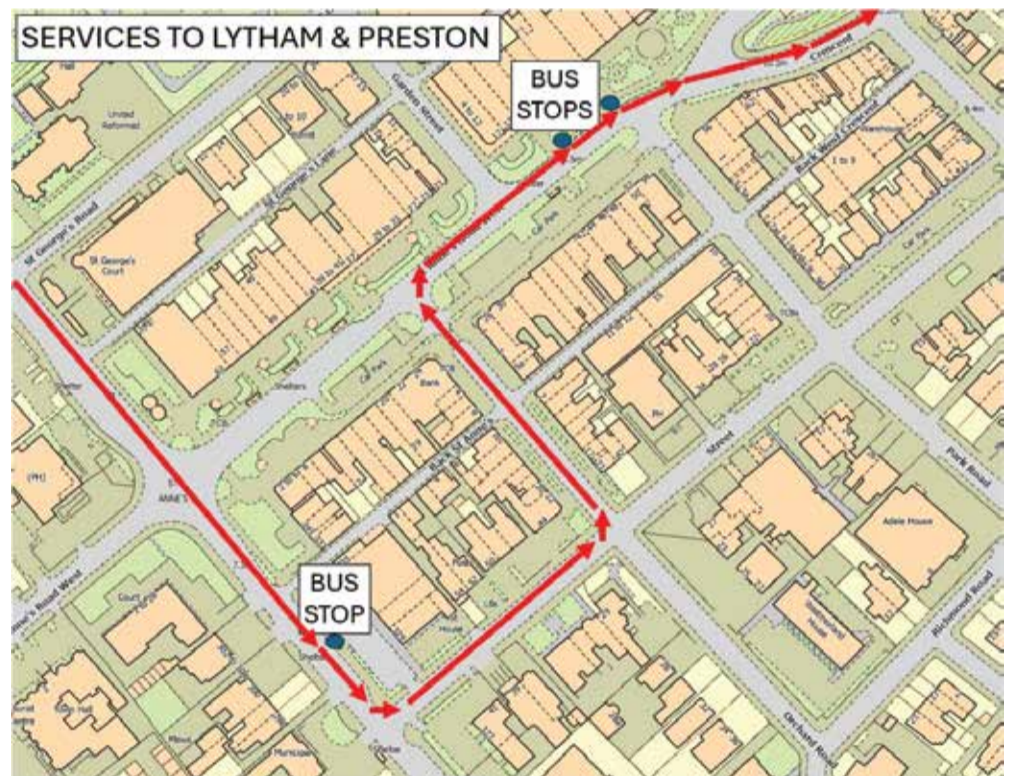

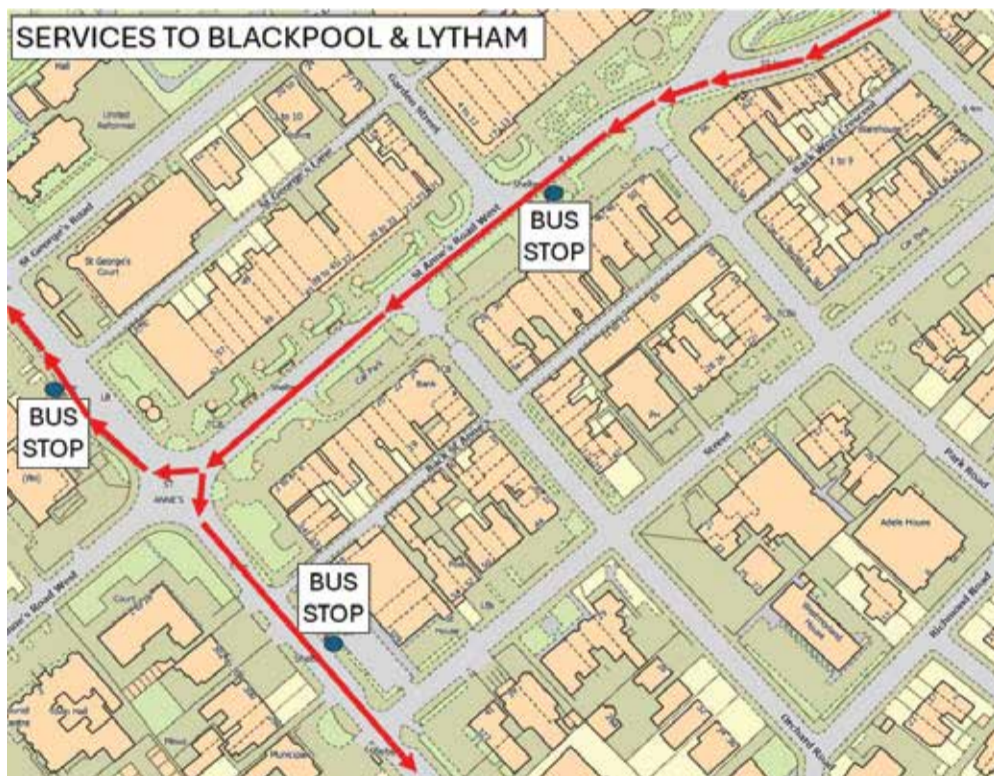

Services 11, 11A, 68, 11B, 76 and 78 (which previously departed from the bus stops outside B&M Bargains) will now leave from the new bus lay-by outside Boots

Service 11, 11A and 68 departing from The Lord Derby will remain unaffected

The bus stop outside Cafe Nero serving the Blackpool and Lytham services will require improvement works and therefore a temporary bus stop will be provided for two months near to the affected area

Updates will be given on all timings and timetable information when confirmed

Bus diversions from January 2025
